Project Name: Robes & Wizard Hats

Project Sponsor's Name, Organization, and Contact Information:

Stakeholder name	Organization	Contact Information	Responsibilities
Jen Cink	Student - MCC	402-218-6775	Creative Struggler

Justification or Reason for the Project:

Due to the current state of social isolation and on-going social anxieties, people are trying new things to get together with their friends and try to forge new ones. This app would serve to assist with role playing games. The app would assist with creating a character for the dungeons and dragons fifth edition handbook, share information regarding an upcoming convention and following the official twitter feed for Dungeons and Dragons.

Main Project Deliverables:

- Documentation
- Source Code
- Working Application

Critical Technologies:

- HTML
- CSS
- jQueryMobile
- PhoneGap

Potential Risks:

Learn how to generate an emailable page, create a dice rolling animation, create a random name generator, emailing the user the completed character sheet.

Scope and Success Definitions:

App will be successful if a user can:

- Find information regarding character classes, races, and backgrounds

- Find information regarding alignment and abilities
- Follow the official twitter feed for Dungeons and Dragons
- Find information regarding an upcoming convention
